# TABLE OF CONTENTS

# INTRODUCTION

The Missouri Department of Transportation's (MoDOT) mission is to provide a world-class transportation system that is safe, innovative, reliable and dedicated to a prosperous Missouri. The Highway Safety and Traffic Division (HSTD), Missouri's Highway Safety Office (HSO), works specifically to reduce the number and severity of traffic crashes resulting in deaths and injuries. This requires the staff to work closely with state and local agencies in an attempt to develop programs which are innovative, cost efficient and, above all, effective in saving lives. This is accomplished through development and administration of the Governor's Highway Safety Program.

The National Highway Traffic Safety Administration indicates more than 94 percent of all traffic crashes are the result of human error. Operating a motor vehicle requires 100 percent of our attention. As drivers, we must all accept responsibility for our actions and adopt a mindset that the best way to prevent a crash is to exhibit and model safe driving behaviors every day. The Missouri's Highway Safety Program uses a multidisciplinary approach of education, engineering, enforcement and emergency response to achieve Missouri's goal of reducing the number of fatalities and serious injuries.

This effort requires action from numerous individuals and groups. The Highway Safety and Traffic Division strives to incorporate involvement from both traditional and non-traditional partners in our safety endeavors. Expanded partnerships enable us to reach a broader base of customers with the life-saving messages of traffic safety.

The accomplishments noted in this report would not have occurred without the dedication and foresight of staff from MoDOT's Highway Safety and Traffic Division and our partners throughout the state. Some partners include: the Missouri State Highway Patrol, Statistical Analysis Center; University of Central Missouri, Missouri Safety Center; Health and Safety Councils; the Missouri Coalition for Roadway Safety; Missouri Safe Communities; Missouri Advocates for Traffic Safety; Law Enforcement Traffic Safety Advisory Council (LETSAC); local and county law enforcement agencies, Region 7, National Highway Traffic Safety Administration (NHTSA) and many others.

## MISSION, VISION & GOAL

### GOAL

700 or fewer fatalities by 2020

### VISION

Continuously  
Moving  
Missouri  
Toward Zero  
Deaths

### MISSION

To make travel on  
Missouri's roadways  
safer through a  
partnership of committed  
local, state, federal, public  
and private organizations.

# MISSOURI HIGHWAY SAFETY PROGRAM

## DATA ANALYSIS

An annual Highway Safety Plan (HSP) is developed by the HSTD utilizing statewide traffic crash data. The Missouri State Highway Patrol serves as the central repository

for all traffic crash data in the state. MoDOT's HSTD analyzes data to compile statistics on fatalities and serious injuries and to identify trends, areas of improvement and potential countermeasures to implement. Three years' worth of crash statistics are compiled to provide a more representative sampling, thereby more effectively normalizing the data. Missouri uses comprehensive data sources which include: The Missouri State Highway Patrol crash repository (STARS) and MoDOT's Transportation Management System (TMS). The data presented in this report represents 2018 as 2019 data is not complete, depending on the section; the data could have been extracted from State (STARS) or Federal (FARS) data sources.

## GUIDELINES

In the State of Missouri, the state highway safety program is administered through the Highway Safety and Traffic Division (HSTD), Missouri Department of Transportation. The Annual Report covers those activities funded for the period October 1, 2018, through September 30, 2019. The structure of this report follows the guidelines set forth by the National Highway Traffic Safety Administration (NHTSA) and the Federal Highway Administration (FHWA) Order 960-2/7510.3A.

## PURPOSE

The National Highway Safety Act of 1966 charges each Governor with the responsibility of establishing a state highway safety program. The goal of the HSTD is to reduce both the number of fatalities and serious injuries resulting from crashes on Missouri roadways.

## STRATEGIES

Missouri's target of 700 or fewer fatalities has been integrated into all key planning documents that include: State Highway Safety Strategic Plan (SHSP), Missouri's Blueprint ~ A Partnership Toward Zero Deaths (Blueprint); the Commercial Vehicle Safety Plan (CVSP); and the Highway Safety Plan (HSP). The fatality reduction goal is also included in the Highway Safety Improvement Program (HSIP) Annual Report along with fatalities, fatality rates and serious injuries. Every effort is made to establish evidence based strategies that will guide Missouri to meet this target.

State and local governmental agencies are solicited to assist in the development of countermeasure projects to address the traffic crash issues through the Missouri Coalition for Roadway Safety and Highway Safety Grant Funding. These projects are then compiled into a comprehensive highway safety plan for the state. Federal funding to support the HSTD is channeled to the state from the Section 402 Highway Safety Program within the U.S. Department of Transportation. In addition to 402 funding, Missouri also received funding from Sections 154 AL, 154 HE, and 405b, c, d, and f funding.

## PROBLEM ID

### CALENDAR YEAR

### DATA

Traffic crashes are, unfortunately, an everyday occurrence in our mobile society. In 2018, there were 155,933 traffic crashes in Missouri. In

these crashes, 921 people lost their lives and 55,644 persons were injured. Based on the U.S. Department of Transportation Guidance on Treatment of the Economic Value of a Statistical Life of \$9.963 million per fatality, this resulted in an economic loss to the state of nearly \$9.3 billion. Per the Centers for Disease Control and Prevention, Leading Causes of Injury Deaths by Age Group in 2017, motor vehicle traffic crashes were the leading cause of death among people 5 to 24 years old.

## SUCCESSES/ RESULTS

Since inception of the highway safety program in 1967, Missouri has witnessed a drop in the vehicle death rate per 100 million vehicle miles traveled from 5.5 to 1.21 in 2018. However, in 2016 Missouri experienced an increase of 77 fatalities from the previous year. In the following years, Missouri experienced a slight decrease in the number of fatalities in 2017 and 2018. In 2017, there was a decrease of 15 fatalities from the previous year and in 2018 we experienced another decrease of 11 fatalities. Due to the increase in 2016, Missouri is still seeing an increase in its three-year moving average. The interim goal set by the Missouri Coalition for Roadway Safety is 700 or fewer fatalities by 2020 as we continue to move Toward Zero Deaths. The next edition of the Missouri SHSP is in the process of development and new goals will be unveiled in September 2020.

FARS Data
Overall Crashes in 2016- 158,089
Injuries in 2016 - 57,823
Deaths in 2016 - 947
Overall Crashes in 2017 - 154,971
Injuries in 2017 - 57,771
Deaths in 2017 - 932
Overall Crashes in 2018 - 155,933
Injuries in 2018 - 55,644
Deaths in 2018 - 921

## PROGRAM EVALUATION

Two types of evaluation methods are used to determine program effectiveness—administrative and impact. Administrative evaluations measure the operational efficiency of task activities relative to meeting the established goals and objectives of the project, including a Risk Assessment conducted prior to awarding a sub-recipient a contract. Impact evaluations determine the extent to which the project was able to impact traffic crash involvement.

Included with this Annual Report are traffic safety countermeasure programs that have demonstrated best practices. These programs satisfy most, if not all, of the following criteria:

- They use crash statistics and other data to identify problem

areas;

- They target high risk groups of individuals;
- They utilize knowledge & expertise of the local community to propose workable solutions;
- They apply varied resources from numerous sources;
- They are comprehensive in design; and
- They seek to modify behavior through effective enforcement, education, EMS and engineering.

## INTERNAL ACTIVITIES

In addition to administering programs that are funded through state and local government agencies, HSTD staff members participate in activities to further highway safety within the state. These include, but aren't limited to:

- Production and distribution of highway safety materials;
- Legislative tracking and review;
- Training presentations (child passenger safety, safety belts, law enforcement grant applications, highway safety programs, legislation, youth issues, etc.);
- Exhibits (safety fairs, conferences, State Fair, employer programs, etc.)
- Press conferences & media events; and
- Federal, state and local committees/boards with like-minded missions.

## EMPHASIS & FOCUS AREAS

The Missouri Blueprint ~ A Partnership Toward Zero Deaths addresses six emphasis and 25 focus areas. Only key strategies that provide the greatest likelihood of reducing roadway-related fatalities and serious injuries are included. Extensive data analysis and review of current research were used as a basis for strategy selection.

Strategies were developed for each of these focus areas that incorporated the 4 E's – education, enforcement, engineering, and emergency response as well as technology and public policy. All of these are also included in the Highway Safety Plan (HSP), which also addresses the areas of Public Information and Education, and Engineering.

The Emphasis Areas that the MoDOT and safety partners place focus on are below:

### ***Emphasis Area I / Serious Crash***

#### **Types Focus Areas**

- o Lane Departure
  - Run-Off-Road - Not in a Curve
  - Run-Off-Road - In a Curve
  - Collisions with Trees and/or Utility Poles
  - Head-On
- o Intersection Crashes
  - Non-Signalized
  - Signalized

### ***Emphasis Area II / High-Risk Driving and Unrestrained Occupants***

#### **Focus Areas**

- o Aggressive Driving
- o Unrestrained Drivers and Occupants
- o Substance-Impaired Driving
- o Unlicensed/Improperly Licensed Driving
- o Young Driver (15 - 20 years of age)
- o Distracted/Inattentive Driving
- o Drowsy Driving

### ***Emphasis Area III / Special Vehicles***

#### **Focus Areas**

- o Commercial Motor Vehicles (CMVs)
- o All-Terrain Vehicles (ATVs)/Utility Vehicles (UTV's)
- o School Buses

### ***Emphasis Area IV / Vulnerable Roadway Users***

#### **Focus Areas**

- o Older Drivers (Age 65 or older)
- o Motorcyclists
- o Pedestrians
- o Bicyclists

### ***Emphasis Area V / Special Roadway Environments***

#### **Focus Areas**

- o Nighttime Driving
- o Work Zone
- o Highway / Rail Crossing
- o Traffic Incident Management Areas

### ***Emphasis Areas VI / Data and Data System***

#### **Improvements Focus Areas**

- o Data Collection
- o Data Accessibility
- o System Linkage

## SNAPSHOT OF MO STATISTICS

Since this HSP is directed toward modifying behavior so that safety will be the accepted norm, it stands to reason that we must identify the behavior, choices and demographics most closely associated with severe crashes in Missouri. As a result, the HSP as well as this report references strategies for targeted audiences. The term “target audience” infers a population group that is overrepresented in a particular type of crash (e.g., drinking drivers) or is underrepresented in using safety devices (e.g., un-helmeted motorcyclists or unrestrained occupants). This terminology is in no way meant to profile certain populations by age, gender, race, or nationality. Rather, this is an accepted term to identify specific population groups that must be

reached with our highway safety messages and enforcement efforts if we are to reduce traffic crashes, prevent injuries and save lives.

This section gives an overall snapshot view of the fatalities occurring on Missouri roadways during the past five years for each program area. The remainder of the report uses one years’ worth of crash statistics to provide a representative sampling. The data in this section is state data only.

**Overall Fatalities/Serious Injuries** - A substantial number of people continue to be killed and seriously injured on Missouri roadways and most of these traffic crashes are preventable.

The graph below illustrates the number of fatalities on Missouri roadways from 2014-2018.

The graph below illustrates the number of serious injuries on Missouri roadways from 2014-2018.

Alcohol & Other Drugs - Of the 1,104 people killed in 2014-2018 alcohol and/or other drug-related traffic crashes, 69% were the substance-impaired driver/pedestrian/bicyclist and 31% were some other party involved.

Occupant Protection - In known cases of those occupants killed in 2014-2018 who were totally ejected from the vehicle, 98% were not restrained and of those partially ejected, 88% were not restrained. Of the occupants killed who were not ejected from their vehicles, 48% were not restrained.

Aggressive Drivers – Aggressive driving is a serious problem on Missouri’s roadways and has contributed substantially to traffic crashes, especially crashes resulting in death.

### AGGRESSIVE DRIVING- TOO FAST FOR CONDITIONS INVOLVED FATALITIES

### AGGRESSIVE DRIVING - FOLLOWING TOO CLOSE INVOLVED FATALITIES

Distracted Drivers – Approximately 37% of the distracted drivers involved in fatal car crashes in the last five years were between 15 and 30 years of age. The graph below illustrates all those killed in crashes involving a distracted driver.

Young Drivers – Of all 2014-2018 fatal and serious injury crashes in Missouri, 18% involved a young driver (15-20) of a motor vehicle.

Older Drivers – Of all 2014-2018 fatal and serious injury crashes in Missouri, 11% involved an older driver (65-75) of a motor vehicle.

Commercial Motor Vehicles - In 2014-2018, there were 755,089 traffic crashes in the state. In these crashes, 69,003 (9%) involved at least one commercial motor vehicle. Of the 4,084 fatal crashes, however, 580 (14%) involved at least one commercial motor vehicle.

Motorcycles - In most instances, motorcycle drivers and/or their passengers are the ones killed and seriously injured when they are involved in a traffic crash.

Crashes Involving School Buses - Of the 16 persons killed during 2014-2018 in crashes involving school buses, one was a school bus driver, two were pedestrians and 13 were some other person in the incident.

Vulnerable Roadway Users - Pedestrians and bicyclists alike need to understand that they have primary responsibility for their own safety; however, the motoring public also has a responsibility to share the road in a safe manner with these vulnerable road users.

## CORE OUTCOME MEASURES

In addition to the Focus Areas, the HSP focuses on 12 Core Outcome Measures.

The National Highway Traffic Safety Administration (NHTSA) and the Governors Highway Safety Association (GHSA) have agreed on a minimum set of performance measures to be used by States and federal agencies in the development and implementation of behavioral highway safety plans and programs. An expert panel from NHTSA, State Highway Safety Offices, academic and research organizations, and other key groups assisted in developing the measures.\*

The initial minimum set contains 12 measures: 11 core outcome measures and one core behavior measure. The measures cover the major areas common to State highway safety plans and use existing data systems. The following outlines the 12 performance measures which will be identified within their respective program areas. The 2018 calendar year FARS and STARS results are listed below each goal.

\*Traffic Safety Performance Measures for States and Federal Agencies DOT HS 811 025, August 2008.

### C-1 FATALITIES\*

To decrease traffic fatalities by 9.0 percent annually resulting in a change to the 2015-2019 moving average from 832.8 (2012-2016 moving average) to 872.3 (2015-2019 moving average) by December 31, 2019.

GOALS		
2016	2017	2018
832.8	853.6	871.5

RESULT: 887.2 for 2018 (FARS 5 Year Average)

### C-2 SERIOUS INJURIES\*

To decrease serious traffic injuries by 5.0 percent annually resulting in a change to the 2015-2019 moving average from 4,883.4 (2012-2016 moving average) to 4,433.8 (2015-2019 moving average) by December 31, 2019.

GOALS		
2016	2017	2018
4,883.4	4,683.4	4,551.9

RESULT: 4,715.4 for 2018 (STARS 5 Year Average)

### C-3 FATALITIES/VMT\*

To decrease fatalities per 100 million vehicle miles (VMT) annually resulting in a change to the 2015-2019 moving average from 1.168 (2012-2016 moving average) to 1.160 (2015-2019 moving average) by December 31, 2019.

GOALS		
2016	2017	2018
1.168	1.175	1.177

RESULT: 1.198 in 2018  
(STARS 5 Year Average)

Rural: 1.626 in 2018  
Urban: 0.8996 in 2018

*\*To address this measure, the OHS has already adjusted the FY20 Highway Safety Plan by implementing several new programs: incorporating quarterly speed campaigns, adding a fourth TRACTION conference to address more young drivers, Boosters to Belts to have young drivers present to elementary age children on safe driving/riding practices, conducted a Ford Driving Skills For Life event, started a young driver education program (PEERS) to improve teen seat belt use and driving skills, and implemented additional ARIDE classes via a GHSA grant. For FY21, Missouri plans to deploy an online youth education program and a new pedestrian awareness campaign.*

## C-4 UNRESTRAINED PASSENGER VEHICLE OCCUPANT FATALITIES

Based on an annual average increase of 0.10 percent in unrestrained passenger vehicle occupant fatalities from 2012 to 2017, Missouri is projecting an annual increase from the 2012 to 2016 calendar based year average of 354.2 to 385.8 by December 31, 2019.

GOALS		
2016	2017	2018
354.2	354.6	368.9

RESULT: 362.0 for 2018 (FARS 5 Year Average)

## C-5 ALCOHOL-IMPAIRED DRIVING FATALITIES\*

To decrease fatalities involving drivers with .08 BAC or greater 3.45 percent annually from the 2012-2016 calendar base year average of 240.2 to 230.3 by December 31, 2019.

\*The OHS has adjusted the FY20 HSP by adding additional ARIDE courses via a special grant from GHSA. In addition, lab equipment was awarded via Highway Safety grant to the Missouri State Highway Patrol lab to modernize and accelerate blood sample testing in impaired driving cases. For FY21, the OHS is planning on implementing a Judicial Outreach Liaison program. The OHS has received much feedback regarding courts where impaired driving cases are not understood by the judges or treated as victimless crimes and not adjudicated appropriately. The JOL would bring uniform training and guidance to judges across Missouri regarding impaired driving cases.

GOALS		
2016	2017	2018
240.2	230.7	227.4

RESULT: 232.2 for 2018 (FARS 5 Year Average)

## C-6 SPEEDING RELATED FATALITIES\*

Based on an annual average increase of .74 percent in speed related fatalities from 2012 to 2017, Missouri is projecting an annual increase from the 2012-2016 calendar base year average of 307.6 to 331.7 by December 31, 2019.

\*The OHS has adjusted programs in FY20 by implementing quarterly speed enforcement campaigns throughout Missouri. These campaigns are being conducted in October, February, May and June.

GOALS		
2016	2017	2018
307.6	310.0	316.5

RESULT: 323.6 for 2018 (FARS 5 Year Average)

## C-7 MOTORCYCLIST FATALITIES\*

Based on an annual average increase of 2.12 percent in motorcyclist fatalities from 2012 to 2017, Missouri is projecting an annual increase from the 2012-2016 calendar base year average of 98.6 to 115.3 by December 31, 2019.

\*The OHS plans to adjust the FY21 HSP to include additional motorcycle rider training and awareness through new training providers, expected to include the Springfield Police Department and Kansas City Police Department.

GOALS		
2016	2017	2018
98.6	100.8	109.5

RESULT: 110.0 for 2018 (FARS 5 Year Average)

## C-8 UNHELMETED MOTORCYCLIST FATALITIES\*

Based on an annual average increase of 11.11 percent in unhelmeted motorcyclist fatalities from 2012 to 2017, Missouri is projecting an annual increase from the 2012-2016 calendar base year average of 9 to 13 by December 31, 2019.

\*The OHS plans to adjust the FY21 HSP to include additional motorcycle rider training and awareness through new training providers, expected to include the Springfield Police Department and Kansas City Police Department.

GOALS		
2016	2017	2018
9.0	10.0	11.7

RESULT: 12.2 for 2018 (FARS 5 Year Average)

## C-9 DRIVERS AGE 20 OR YOUNGER INVOLVED IN FATAL CRASHES

To decrease drivers age 20 or younger involved in fatal crashes 0.78 percent annually from the 2012-2016 calendar base year average of 116.6 to 123.4 by December 31, 2019.

GOALS		
2016	2017	2018
116.6	116.0	117.7

RESULT: 114.0 for 2018 (STARS 5 Year Average)

## C-10 PEDESTRIAN FATALITIES

Based on an annual average increase of 3.33 percent in pedestrian fatalities from 2012 to 2017, Missouri is projecting an annual increase from the 2012-2016 calendar base year average of 84.4 to 100.8 by December 31, 2019.

GOALS		
2016	2017	2018
84.4	87.2	92.9

RESULT: 91.2 for 2018 (FARS 5 Year Average)

## C-11 BICYCLIST FATALITIES

Based on an annual average increase of 10.00 percent in bicyclist fatalities from 2012 to 2017, Missouri is projecting an annual increase from the 2012-2016 calendar base year average of 6.4 to 9.4 by December 31, 2019

GOALS		
2016	2017	2018
6.4	7.0	8.2

RESULT: 6.8 for 2018 (FARS 5 Year Average)

## CORE BEHAVIOR MEASURE

### B-1 OBSERVED BELT USAGE

To increase statewide observed seat belt use of front seat out-board occupants in passenger vehicles 1% annually from the 2017 calendar base year average usage rate of 84% to 86% by December 31, 2019.

GOALS		
2017	2018	2019
84%	85%	86%

RESULT: 87.7% for 2019

# Highway Safety Grant Project Distribution 2019

The Highway Safety and Traffic Division provides grant funding to external partners and law enforcement agencies to enhance the efforts of reducing fatalities and serious injuries on Missouri's roadways. This map represents the number of grant contracts per county awarded through the Highway Safety and Traffic Division and law enforcement mobilization campaigns.

## LEGEND

County with Highway Safety Contracts  
# HS Contracts / # LE Mobilization

## PROGRAM GOALS, RESULTS & ACTIVITIES

This section outlines the programs, program goals as outlined in the Highway Safety Plan, results and activities for each highway safety program area. This is simply a summary of each area; additional activities may have been implemented across the state.

### Evidence-Based Enforcement Program Activities

The Office of Highway Safety has three law enforcement (LE) program managers that cover specific regions of the state. These managers are responsible for the statewide coordination of the state, county, and local law enforcement projects. The evidence-based traffic safety enforcement program is focused on preventing traffic violations, crashes, and incidents. It involves an array of enforcement activities throughout the fiscal year including:

- Mobilizations - The LE program managers aggressively seek participation in quarterly impaired driving and occupant protection mobilizations, as well as, the NHTSA required Driver Sober or Get Pulled Over and the Click It or Ticket mobilization. Additional mobilizations are coordinated by the Office for Youth Alcohol, Teen Seatbelt and Child Passenger Safety. Mobilization results can be viewed in the respective program sections.

- Communication - A communication plan is developed with each LE mobilization. These plans vary depending on available funding but typically include press releases, paid media, social media and earned media.

- DWI/Traffic Units – A key enforcement technique used is to team with a city or county law enforcement agency to financially support DWI/Traffic Units. Missouri currently has 10 units:

- o Joplin Police Department
- o Greene County Sheriff's Office
- o Boone County Sheriff's Office
- o Columbia Police Department
- o Jackson County Sheriff's Office
- o Jefferson County Sheriff's Office
- o Franklin County Sheriff's Office

- o St. Louis County Police Department
- o Platte County Sheriff's Office
- o Kansas City Police Department
- Law Enforcement Task Forces/Councils– Multiple city/county agencies meet on a regular basis to plan and coordinate key enforcement activities. With the shortage of personnel to conduct enforcement initiatives in many agencies, the task force concept provides the opportunity to pool resources to conduct more manpower intensive activities such as sobriety checkpoints or saturation patrols. Missouri currently has 8 multi-jurisdictional task forces:
  - o Southwest DWI Task Force  
(12 Agencies)
  - o Jackson County Traffic Safety Task Force  
(11 Agencies)
  - o Kansas City Operation Impact  
(18 Agencies)
  - o Northland DWI Task Force  
(13 Agencies)
  - o St. Louis Regional Traffic Safety Council  
(50 Agencies)
  - o St. Charles County DWI Task Force  
(7 Agencies)
  - o Central Ozarks Regional DWI Task Force  
(14 Agencies)
  - o Law Enforcement Traffic Safety Advisory Council ( 19 Agencies)

- Continuous follow-up and Adjustment – Program management staff reviews the results of various LE initiatives/mobilizations and share these results with city/county LE agencies on a regular basis.

## FY 2019 Enforcement Statistics

October 1, 2018 through September 30, 2019

### ARRESTS

DWI	TOO CLOSE	STOP SIGN	SIGNAL	YIELD	CI DRIVING	SPEEDING	OTHER HMV	DUI DRUG ARRESTS	TOTAL HMV

TRAFFIC STOPS	HOURS WORKED
213,583	147,593

## Public Information & Education

Highly visible, catchy media campaigns coupled with strong enforcement efforts continue to prove to be the most effective means to heighten awareness, but also to encourage positive behavioral changes. The campaigns are perpetuated through traditional media venues (TV, radio, print, outdoor, digital) as well as through social media through mainstream platforms such as Facebook, Twitter, Instagram, SnapChat, Pinterest and Vine. Various online quiz components help to educate the public. Dynamic Message Boards statewide help promote campaign awareness by alerting the traveling public to enforcement efforts.

Consistency in messaging began in 2017 with targeted taglines for both occupant protection and impaired driving. All occupant protection campaigns used the tagline "Give Yourself a Chance. Buckle Up Every Trip. Every Time." Impaired driving campaigns used the tagline "Impaired Driving Affects Lives." All campaigns were also tagged with appropriate logos.

CAMPAIGN NAME	MONTH/YEAR	MEDIA BUYS	IMPRESSIONS
Alliance Sport Marketing	2019	\$80,000	Totals Not Finalized by Report Date
CMV Awareness	Aug – 19 Nov – 19	\$400,000	27,134,902
KC Chiefs Playoffs Impaired Driving	19-Jan	\$52,000	3,177,832
Buckle Up Phone Down	2019	\$200,000	23,767,274
Holiday Impaired	Dec – 18	\$250,000	32,891,068
Super Bowl	Feb – 19	\$250,000	7,806,620
March Impaired	19-Mar	\$200,000	15,742,896
Teen Seat Belt	19-Mar	\$175,000	20,689,659
420 Awareness	19-Apr	\$200,000	13,237,493
Work Zone Awareness	19-Apr	\$200,000	33,213,737
Stanley Cup Finals Blues Impaired Driving	19-May	\$50,000	2,811,539
Motorcycle Awareness	19-May	\$220,350	41,358,152
Click it or Ticket	19-May	\$200,000	20,861,525
Youth Alcohol	19-May	\$240,000	30,140,570
Pedestrian Awareness	19-Jun	\$127,700	17,581,113
July Impaired	19-Jul	\$100,000	11,610,884

Child Passenger Safety	19-Sep	\$200,000	8,890,193
Slow Moving Vehicles (Farm) Awareness	Sep – 19 May – 20	\$27,000	Totals Not Finalized by Report Date
Speed Awareness	Oct – 19	\$50,000	Totals Not Finalized by Report Date
<b>TOTAL</b>		<b>\$3,587,050</b>	<b>347,524,450</b>

The goals of the paid media campaigns are to alert the public of enforcement efforts, educate the public on Missouri law, and decrease the serious injury and fatality crashes on Missouri's roadways.

Traffic safety materials distributed through on-line ordering system in FY2019= 120,000

FY19 saw an increase in new creative for all media outlets with our campaigns. Continued research and tracking of the campaign performance allows us to reach an optimum audience at a minimal cost per impression. Media campaigns this fiscal year focused on the following program areas:

- Occupant Protection – “Give Yourself A Chance”; Buckle Up. Every Trip. Every Time.” (Click It or Ticket-Teen and Child Passenger Safety)
- Work Zone Awareness – Work Zones Are No Phone Zones, “Buckle Up Phone Down”
- Operation Safe Driver and Commercial Motor Vehicle – “Respect the Load. Share the Road”
- Impaired Driving – “Face It. Impaired Driving Affects Lives.” (Super Bowl, March Impaired, Youth Alcohol, July Impaired, DSOGPO.) Super Bowl (February), Don't Press Your Luck

(March), Don't Let One Moment Define You (Youth Alcohol), Don't Lose Your Freedom (July), Don't Drink and Drive - Liam's Story - (DSOGPO)

- Motorcycle Safety Awareness – “Watch for Motorcycles”

Five new paid media campaigns were introduced in 2019; 420 Substance-Impaired Driving Campaign, Farm Safety Awareness, Speed Awareness and Impaired Driving for the KC Chiefs Super Bowl game and the STL Blues Stanley Cup Hockey playoffs.

All campaigns continued to use video captioning in the 30 second PSA's. This allowed us to reach out to the deaf and hard of hearing residents of Missouri to further spread our highway safety messages. It also allows for those browsing with no sound on to get the full intent of the message.

Work continues in the production of Spanish voice over of all video and radio media, and producing all print and digital text materials in Spanish to reach the Hispanic population of Missouri. Targeted advertising will specifically reach this audience

## Aggressive Drivers

Aggressive-driver related crashes are defined within Missouri's Blueprint: A Partnership Toward Zero Deaths as, "crashes that involved a driver who committed one or more of the following violations that contributed to the cause of a traffic crash: speed exceeded limit; too fast for conditions; following too close, improper passing, or improper lane usage/change".

The causes of aggressive driving are complex. However, three factors in particular are linked to aggressive driving: 1) lack of responsible driving behavior; 2) insufficient levels of traffic enforcement; and 3) increased congestion and travel in our urban areas.

### **GOAL #1:**

Based on an annual average increase of 2.53 percent in aggressive driving related fatalities from 2012 to 2017, Missouri is projecting an annual increase from the 2012-2016 calendar base year average of 434.0 to 482.3 by December 31, 2019.

Final result: 456.6 for 2018 (STARS 5 Year Average)

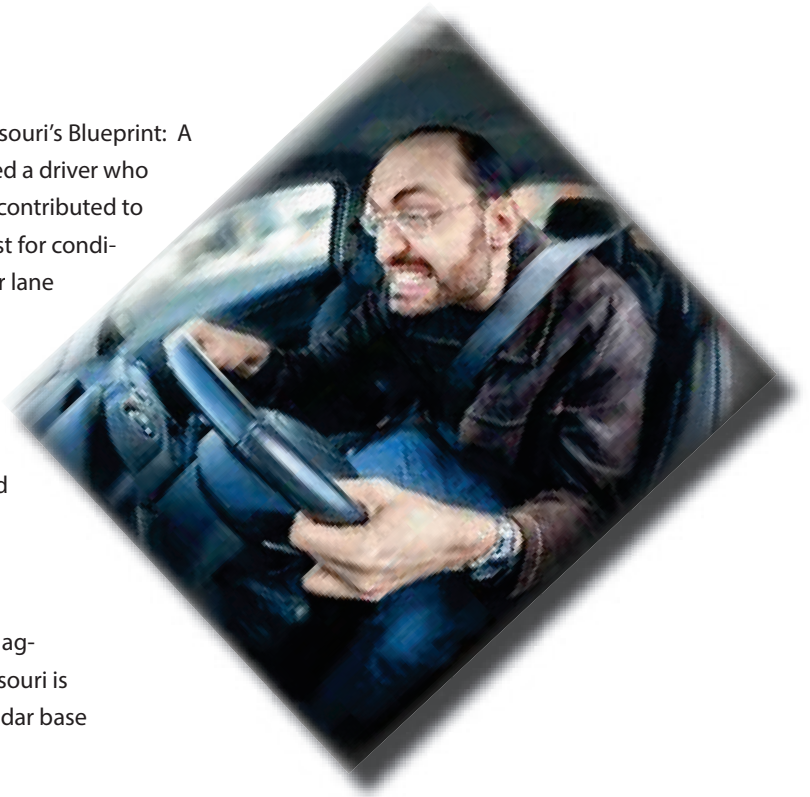

### **GOAL #2:**

Based on an annual average increase of 0.74 percent in speed related fatalities from 2012 to 2017, Missouri is projecting an annual increase from the 2012-2016 calendar base year average of 307.6 to 331.7 by December 31, 2019.

Final result: 323.6 for 2018 (FARS 5 Year Average)

The Office of Highway Safety focuses on aggressive driving by issuing Hazardous Moving Violation (HMV) contracts to

law enforcement agencies across the state. In FY 2019, the Office issued 125 HMV law enforcement contracts resulting in 84,231 HMV violation citations and 108,762 HMV violation warnings. Efforts in this area continue to be funded and encouraged. Some of the projects used to reduce the number of aggressive driving crashes are targeted corridor projects and Selective Traffic Enforcement Programs (STEPS) conducted by law enforcement agencies. Speed monitoring devices and changeable message signs are also used across the state to keep motorists aware of dangerous situations and actions. News releases and the media are coupled with the enforcement efforts to reach the public and educate on the dangers of aggressive driving.

## Alcohol & Other Drugs

Twenty percent of all Missouri motor vehicle traffic deaths in 2018 involved one or more substance-impaired driver or motorcycle operator. There were 203 fatalities and 541 serious injuries in 2018 involving at least one substance-impaired driver. That equates to one substance-impaired driving fatality every 1 ¾ days and one substance-impaired driving serious injury every ½ day.

Youth make up a significant portion of alcohol impaired drivers causing traffic crashes, even though possessing and consuming alcohol before the age of 21 is illegal.

### GOAL #1:

To decrease fatalities involving drivers with .08 BAC or greater 3.45 percent annually from the 2012-2016 calendar base year average of 240.2 to 230.3 by December 31, 2019.

Final result: 232.2 for 2018 (FARS 5 Year Average)

### GOAL #2:

To decrease fatalities involving alcohol-impaired drivers under the age of 21 years by 9.0 percent annually from the 2012-2016 calendar base year average of 18.8 to 11.1 by December 31, 2019.

Final result: 15.1 for 2018 (STARS 5 Year Average)

Projects funded by the Office of Highway Safety in the alcohol and other drugs program area include a wide focus area. The law enforcement DWI traffic units and DWI task forces detailed in the Traffic Safety Enforcement Program section are a great deterrent for impaired drivers. Programs focused on young impaired drivers are included in the Young Driver Section.

Underage Drinking Law Enforcement Training Sessions – Each year the HSO sponsors law enforcement training focusing on handling underage drinking issues law enforcement encounter. During the fiscal year, 2 trainings were conducted in the locations of Joplin and Chesterfield. The topics taught by certified trainers were: Youth & Traffic Crash Investigations, Effective Statement Taking & Report Writing, and Missouri Liquor Law.

This project provides for a traffic safety resource prosecutor (TSRP) to focus on traffic safety issues, particularly impaired driving, and serve as a resource to other prosecutors and law enforcement officers. This position is shared between two attorneys, the Deputy Director of the Missouri Office of Prosecution Services and a special prosecutor in the office. The TSRP Program conducted 46 training programs which were attended by a combined total of 1,363 people. When considering all of the funded programs, other training conducted, and other training opportunities provided, the TSRP Program reached a minimum of 193 Missouri prosecutors, 1,135 Missouri law enforcement officers, and 35 other Missouri traffic safety advocates. In total, the Missouri Traffic Safety Resource Prosecutors provided training to a minimum of 1,850 people. Six editions of the Traffic Safety Newsletter were sent out in November 2018 and in January, March, May, July and September 2019. Approximately 190 requests for technical

assistance were received from prosecuting attorney's offices and law enforcement agencies around the state. In addition, as part of the TSRP program, numerous cases were reviewed with prosecutors to discuss appropriate charges and strategy and the TSRP served as special prosecutor in eleven cases.

DWI (Impaired) State Wide Mobilizations

The five Impaired Driving enforcement mobilizations conducted were:

• December 14, 2018 - January 1, 2019 (Holiday DWI Enforcement Campaign)

- March 14 - 18, 2019 (St. Patrick's Day DWI Enforcement Campaign)
- May 2 - 13, 2019 (Youth Alcohol Enforcement Campaign)
- July 3 - July 7, 2019 (Independence Day DWI Enforcement Campaign)
- August 16 - September 2, 2019 (Drive Sober or Get Pulled Over DWI Enforcement Campaign)

Out of the five statewide mobilizations, there were roughly 140 agencies involved in each mobilization that reported enforcement statistics and 17,809 total man hours worked.

Highlights from the five (5) mobilizations are as follows:

- 42 Alcohol Compliance Checks
- 104 MIP (Minor In Possession)
- 51 Open Container violations
- 879 DWI/DUI Arrests
- 26,970 Traffic Stops
- 28,641 Total Violations

#### Missouri Legislation

In May 2017, the Missouri House of Representatives added a provision to Missouri HB4 (which gives spending authority to the Missouri Department of Transportation) limiting the spending authority of the OHS on sobriety checkpoints to \$1.00. This became effective July 1, 2017 and has been continued in subsequent legislative sessions.

Also, in December 2018, Amendment 2 became effective, which allows for the cultivation, sale and use of marijuana for medical purposes. Amendment 2, permits state-licensed physicians to recommend marijuana for medical purposes to patients with serious illnesses and medical conditions. Nothing in this amendment permits a person to operate or be in actual physical control of a motor vehicle while under the influence of marijuana or to consume marijuana for medical use in a public place.

#### Breath Alcohol Instrument Placement Program and Technical Assistance

The Missouri Safety Center (MSC) provides breath alcohol instrument placement, maintenance and service across the State. In addition, MSC provides technical training to law enforcement officers and others in the criminal justice system in the area of breath alcohol testing, standardized field sobriety testing, drug evaluation and classification, breath alcohol ignition interlock and sobriety checkpoint supervisor. Calls for service, repairs or calibrations of breath instruments were provided to local law enforcement agencies. The Center provided:

- 25 new breath alcohol testing instruments
- 191 prelimi-

nary breath test units (PBTs) to law enforcement agencies

- trained 294 officers on breath alcohol instruments
- trained 111 officers in the 24-hour SFST Training

The staff conducted calibration checks and verified proper operation on 149 simulators and replaced 12 simulators. The Safety Center staff responded to 1,705 calls regarding ignition interlock. Of this total 1,517 were concerning installs for an average of 126 install calls per month. There were 75 medical letters sent out. Twenty new Drug Recognition Officers (DRE) were trained, five DRE instructors, and 94 DREs were recertified during the fiscal year. The center also provided prosecution guidance and advice as requested and complied with numerous subpoenas for court appearances.

#### DWI Courts

The Office of State Courts Administrator (OSCA) received grant funding for DWI court expansion in the State. DWI courts provide a cost-effective alternative to the traditional criminal justice system in addressing the risk to public safety caused by hardcore impaired drivers. As of September 30, 2019 there were 1,065 individuals participating in DWI courts in 23 stand-alone county programs and 37 adult drug court programs that accept DWI offenders. There have been 280 DWI court graduates in calendar year 2019 with a program graduation rate of 89 percent.

The Missouri Supreme Court adopted Court Operating Rule (COR) 26. This rule requires all courts that seek to establish a DWI court or docket to submit a Plan of Operation

to the Drug Courts Coordinating Commission for approval before issuing a limited driving privilege (LDP). As of September 1, 2019 approved courts have granted 1,932 revoked 387 and suspended 38 LDPs.

A requirement for DWI court team training was included in the DWI Court Guidelines. After January 1, 2011, each court who has not at-

2019 - (Data from Missouri DRE System):

878 Total Evaluations

268 Training Evaluations

604 Enforcement Evaluations

tended DWI Court training through NCDC is required to attend a 3-day DWI Court training before their plan of operation will be approved to grant a LDP. The DWI Court training includes over 18 hours of instruction time and six additional breakout sessions for each team to work on their individual policy and procedure manual and their Plan of Operation for their DWI Court. A total of 52 teams have attended the 3-day DWI court training with 445 DWI court team members in attendance in since 2011.

#### Drug Recognition Expert System

The Missouri Department of Transportation contracted with the REJIS Commission to create an automated system to facilitate data collection, data sharing, tracking of certification, and overall administration of the Drug Recognition Expert (DRE) program. The State Coordinator works with a group of technical experts across the state to administer the DRE program. This system allows for automatic transmission of drug evaluations to the regional coordinator, state coordinator and the federal database. The system also allows for email notification of DREs, regional coordinators and the state coordinator.

The system has been up and running since March 1, 2016, and has received excellent feedback from DREs in the field. DRE Candidates are trained on the new system as part of their DRE training, conducting their field certifications using the system. The program is proving to be a great administrative tool and will add to the state's ability to track drug involvement in traffic stops.

## Occupant Protection

Traffic crashes are one of the leading causes of death in the United States. It is well recognized that one of the best means of defense in a crash is to be protected by a safety belt or a child safety seat. Increasing safety belt and child safety seat use has tremendous potential for saving lives, preventing injuries, and reducing the economic costs associated with traffic crashes. Safety belt use dramatically reduces a person's chance of being killed or seriously injured in a traffic crash. Of the drivers involved in 2016-2018 crashes, 1 in 2 was injured when they failed to wear their safety belt, however, when they were wearing a safety belt, their chances of being injured in the crash were 1 in 7. When examining driver deaths, the differences are much more significant. Drivers had a 1 in 28 chance of being killed if they were not wearing a safety belt; but that chance dropped dramatically to only 1 in 1,229 if the driver was wearing a safety belt.

### **GOAL #1:**

To increase statewide safety belt usage by 1% annually from 84 percent in 2017 to 86 percent in 2019.  
Final result: 87.7% for 2019

### **GOAL #2:**

Based on an annual average increase of 0.10 percent in unrestrained passenger vehicle occupant fatalities from 2012 to 2017, Missouri is projecting an annual increase from the 2012-2016 calendar base year average of 354.2 to 385.8 by December 31, 2019.

Final result: 362.0 for 2018 (FARS 5 Year Average)

### **GOAL #3:**

To increase teen safety belt usage by 1% annually from 71 percent in 2017 to 73 percent in 2019.

Final result: 73.8% in 2018

The OHS coordinated five quarterly mobilizations in the area of Occupant Protection during FY2019, in addition to the Click It or Ticket It Campaign and the Youth Seat Belt Campaign. The quarterly OP enforcements were conducted November 8, 2018, February 14, 2019, April 11, 2019 and the CPS focused enforce-

ment was September 15-21, 2019.

The Click it or Ticket enforcement was conducted May 20-June 24, 2019. This campaign involved 133 law enforcement agencies with a total of 3,348 hours of work completed. This campaign also included a media campaign outlined in the Public Information & Education section.

Law enforcement mobilizations also help law enforcement obtain offenders of other dangerous crimes. Some results from the 6 enforcement activities are as follows:

Highlights from the 5 enforcement activities are as follows:

- 667 DWI Alcohol/Drug arrests
- 5,543 Seat Belt citations
- 149 Child Restraint Violations
- 233 Felony Arrests
- 523 Drug Arrests
- 886 Fugitive Arrests

## Occupant Protection

### Child Passenger Safety

Attention is also given the youngest passengers through the Child Passenger Safety Program. The FY2019 program focused on the use of booster seats until the child met the height and weight requirements required by law, even if the child is 8 years old. Ensuring a proper seat belt fit is vital to surviving a car crash with minimal injuries.

The State of Missouri has 1,050 Certified Child Passenger Safety Technicians, 31 Child Passenger Safety Instructors and 180 Inspection Stations with at least one Certified Technician. Child passenger safety seats were provided to low income families through the inspection stations across the state. The HSO distributed 2,116 seats total, 1,548 convertible seats

and 568 high back boosters.

The CPS enforcement campaign continued again this year with the media message focusing on booster seats. During the campaign, 93 law enforcement agencies contracted with the HSO. A total of 1,431 hours of enforcement resulted in 2,790 traffic stops, including 405 safety belt citations and 34 child restraint citations written.

2019 Missouri occupant restraint usage rates:

- Statewide 87.7%
- Teens 73.8%
- Child Passenger Safety 94% (2017)

---

## Distracted Drivers

Distracted driving is a voluntary diversion of the driver's attention from activities critical to safe driving. There are four types of driver distraction; visual, auditory, manual, and cognitive. There is a growing body of evidence which suggests driver distractions, both inside the vehicle and the road environment, becoming increasingly large contributors to road trauma. It is estimated that drivers engage in a secondary task between one-quarter and one-half of the time they drive.

### GOAL #1:

To decrease distracted driving fatalities by 1.41 percent annually, resulting in a change to the 2015-2019 moving average from 83.8 (2012-2016 moving average) to 86.5 (2015-2019 moving average) by December 31, 2019.

Final result: 83.6 for 2018 (STARS 5 Year Average)

### GOAL #2:

To decrease distracted driving serious injuries by 4.56 percent annually, resulting in a change to the 2015-2019 moving average from 692.0 (2012-2016 moving average) to 605.4 (2015-2019 moving average) by December 31, 2019.

Final result: 623.8 for 2018 (STARS 5 Year Average)

The OHS encourages law enforcement to find innovative ways

to address the distracted driving issue. Missouri currently has a no-texting law for individuals 21 years old and under, however, it is very difficult to enforce. Statistics show us that it is not only this younger population engaging in texting while driving, it includes all age groups and to compound the issue, texting is only one of many distractions that are encountered while driving.

Presentations and educational materials continue to be implemented at schools, businesses and community organizations statewide.

Legislative bills have been proposed each of the last several years to strengthen the distracted driving law, unfortunately the bills have not yet passed. Similar bills have been pre-filed for the upcoming 2020 legislative session.

## Young Drivers

Young drivers are categorized as those ages 15 through 20 years. These young drivers are substantially over-involved in Missouri traffic crashes. In 2018, 14% of all fatal crashes involved a young driver of a motor vehicle; this is particularly significant since young drivers comprised only 8% of the licensed driver population in Missouri.

The top 5 contributing circumstances attributable to young drivers of motor vehicles involved in 2016-2018 fatal and serious injury crashes were:

1. Driving Too Fast for Conditions
2. Failed to Yield
3. Improper Lane Usage / Change
4. Distracted / Inattentive
5. Speed Exceeded Limit

### GOAL #1:

To decrease drivers age 20 or younger involved in fatal crashes by 0.78 percent annually, resulting in a change to the 2015-2019 moving average from 116.6 (2012-2016 moving average) to 123.4 (2015-2019 moving average) by December 31, 2019.

Final result: 114.0 for 2018 (FARS 5 Year Average)

### GOAL #2:

To decrease drivers age 20 or younger involved in serious injury crashes by 3.71 percent annually, resulting in a change to the 2015-2019 moving average from 807.4 (2012-2016 moving average) to 757.8 (2015-2019 moving average) by December 31, 2019.

Final result: 930.6 for 2018 (STARS 5 Year Average)

Young driver programs focusing on safety belt use, underage drinking and distracted driving continue to be supported. Each of the following programs reached hundreds of teens, who in turn, spread the message to other teens.

### Missouri Safe and Sober

A free and effective program that educates students and

parents on the dangers of drugs and alcohol while reinforcing positive decision making and responsibility. During the fiscal year, 506 middle and high schools statewide participated in this program.

### ThinkFirst MO

An award-winning school assembly program for teens. High-impact injury prevention presentations are made to Missouri schools free of charge by personal testimony from people who have sustained a brain or spinal cord injury, usually due to a motor vehicle crash. A total of 43,815 Missouri students received traffic safety education from the ThinkFirst traffic safety assembly program (Columbia and Kansas City Region) delivered via 234 presentations at 138 schools. A total of 1,722 Missourians received traffic safety education from the ThinkFirst Corporate/Community Traffic Safety Program delivered via 43 presentations at 32 worksites/organizations. In addition ThinkFirst Missouri delivered 12 Traffic Offender Program classes reaching 292 high-risk Missouri drivers.

ThinkFirst MO also coordinates the First Impact program. First Impact is a traffic safety parent program targeted to parents and/or guardians of teen drivers in the pre-permit, permit or intermediate stage of licensure. The goal of First Impact is to increase parental awareness and enforcement of Missouri's graduated driver license law. During this fiscal year, a total of 1,171 parents & teens received the First Impact GDL program.

### It Only Takes One

It Only Takes One is a competition between Missouri high schools to encourage safe driving habits. It is a chance for students to educate teens, parents and the community about the dangers teens face while driving. During the 2018-2019 school year, 100 schools participated in the It Only Takes One campaign.

### SMART/CHEERS

The University of Missouri houses two programs aimed at alcohol use on college campuses. The SMART program is a web-based program that educates bar and restaurant owners on the sale of alcohol to minors and how to avoid over serving those already intoxicated. During the fiscal year there were 11,558 total users of SMART and 2 SMART live trainings were completed. CHEERS to the Designated Driver is a program for bars and restaurants to celebrate the designated driver by serving them free non-alcoholic drinks. During the fiscal year, 26 new CHEERS establishments were added to the program from across the state, totaling 280 establishments utilizing the CHEERS program.

### TRACTION

Teens Taking Action to Prevent Traffic Crashes, is a youth traffic safety leadership training program designed to empower youth to take an active role in promoting safe driving habits. High school students and advisors are invited to attend one training program as a school team. As a team they will not only receive educational training on highway safety topics, but will also develop individualized team action-plans to be implemented within their own schools upon their return. During the fiscal year, 45 schools were trained at TRACTION and implemented plans within their schools.

TyREDD, (Tyler Raising Education for Drowsy Driving), is an organization that was founded in 2011 after the Warne family lost their oldest son Tyler in a drowsy driving crash. Tyler's mother Kerrie, the founder of TyREDD, has partnered with the COO for Clayton Sleep Institute, Matthew Uhles, and together they have developed a presentation that educates high school teens, businesses, organizations and parents. In this fiscal year, Kerrie and Matt delivered 121 drowsy driving presentations.

Young driver materials were assessed to determine the best and most cost-effective way to reach the largest number of parents and teens, and are distributed to the public through an online ordering system at <https://www6.modot.mo.gov/OrderSystem/pub/displayOrder.do>.

The Graduated Driver License Law information continues to be included in campaign and web materials to educate teens and adults on the importance of and purpose for the law. This information is also included in the RoadWise Guide: Parent/Teen Safe Driving Guide. Over 30,000 guides were distributed during the fiscal year to teens, parents and teachers to support new drivers.

Two law enforcement campaigns were again supported, youth seat belt and underage drinking. Participation from 101 law enforcement agencies during the youth seat belt campaign resulted in 769 seat belt citations issued. In addition, 122 agencies participated in the youth alcohol campaign resulting in 20 minor in possession citations, 111 driving while impaired arrests.

Both campaigns are promoted through paid, earned and social media outlets. The youth seat belt message "Give Yourself a Chance. Buckle Up. Every Trip. Every Time." focused on encouraging teens to take initiative to protect themselves by buckling up, giving them the best chance of surviving a traffic crash.

The youth alcohol message, "Face It. Driving Impaired Affects Lives" focused on how much there is to lose by making a poor choice to drive impaired.

## To Talk About Driving Retirement

A Missouri Guide

### Older Drivers

Our population is aging and older adult drivers are increasing their exposure (miles driven/year) on the highways. According to the U.S. Census Bureau, Missouri ranked 16th nationally in 2010 with 15% of the population age 65 or older. By the year 2030 it is estimated that over 20% of the population in Missouri will be age 65 or older. That means approximately one in five people will be 65 or older.

Being able to go where we want, when we want, is important to our quality of life. Personal mobility is often inextricably linked to the ability to drive a car. However, as we age our ability to drive a motor vehicle may be compromised by changes in vision, attention, perception, memory, decision-making, reaction time and aspects of physical fitness and performance.

#### **GOAL #1:**

Based on an annual average increase of 5.63 percent in older driver involved fatalities from 2012 to 2017, Missouri is projecting an annual increase from the 2012-2016 calendar base year average of 173.2 to 196.9 by December 31, 2019. Final results: 192.6 for 2018 (STARS 5 Year Average)

#### **GOAL #2:**

To decrease older driver involved serious injuries by 0.94 percent annually, resulting in a change to the 2015-2019 moving average from 741.6 (2012-2016 moving average) to 734.5 (2015-2019 moving average) by December 31, 2019. Final results: 758.2 for 2018 (STARS 5 Year Average)

The OHS continues to work with safety partners and universities to produce and implement countermeasures that reduce crashes involving older drivers. Some of these measures will enable older drivers to check their own driving abilities, assist local driver license offices in recognizing medically unfit drivers and develop a package of office-based screening tools to be used by healthcare providers. In addition, 31 presentations were offered at senior/retirement centers in the counties of Adair, Audrain, Boone, Callaway, Camden, Chariton, Cooper, Crawford, Gasconade, Henry, Laclede, Macon, Maries, Marion, Miller, Moniteau, Morgan, Osage, Pettis, and Randolph.

## Commercial Motor Vehicles

Large trucks have blind spots, identified as No Zones, around the front, back and sides of the truck. The blind spots make it difficult for the driver to see. It is critically important that other drivers stay out of the No Zone of a commercial motor vehicle (CMV). Since CMVs are large transport devices that are much heavier than passenger vehicles, they cause greater amounts of personal injury and severity to the occupants of vehicles in crashes. When analyzing the types of persons killed or injured in CMV crashes, the majority were not the occupants of the commercial motor vehicle.

The Highway Safety and Traffic Division administers the Motor Carrier Safety Assistance Program (MCSAP), which operates under a grant from the Federal Motor Carrier Safety Administration. Goals, benchmarks and strategies are outlined within the Commercial Vehicle Safety Plan. Having the MCSAP program housed in the OHS provides a unique opportunity for coordinating safety efforts between the MCSAP and NHTSA programs.

During the Motor Carrier Safety Assistance Program (MCSAP) fiscal year 2018, Missouri conducted a total of 97,653 roadside

inspections on commercial motor vehicles. Missouri State Highway Patrol conducted four Truck Checks working a total of 1,524 hours. The Truck Checks resulted in 1,230 inspections with an average 23% out of service rate. Missouri currently has a low number of passenger vehicle crashes. To ensure Missouri keeps that number low, the CMV inspectors conducted 1,117 passenger carrier inspections during FY18. Furthermore, MoDOT Motor Carrier Services conducted a total of 361 compliance investigations on CMV companies.

Missouri's commercial motor vehicle safety belt use rate is 82.8%. Missouri has taken a zero tolerance approach to safety belt enforcement on CMVs. During FY18, Missouri CMV enforcement officers issued 1,054 safety belt violations and MoDOT Motor Carrier Services issued 1,666 letters to motor carriers informing them of their driver's noncompliance with the safety belt law.

Missouri's public education efforts on commercial motor vehicle safety included a statewide media campaign, which resulted in a total of 45,364,000 impressions. That tells us the CMV message reached an engaged audience.

Due to the budgeting of fiscal years by FMCSA, Missouri's MCSAP is still operating under FY18 funds.

## Motorcycles

A responsible motorcyclist must think about the consequences of their riding behavior in traffic and accept personal responsibility for the results of their decisions and actions, as well as develop good skills and judgment. The motorcyclist must consider their personal margin of safety or margin for error – how much extra time and space they need given their skill level.

Likewise, the general motoring public must be aware of their surroundings while driving and share the road with motorcyclists. A significant number of motorcycle crashes involve another vehicle.

### **GOAL #1:**

Based on an annual average increase of 2.12 percent in motorcyclist fatalities from 2012 to 2017, Missouri is projecting an annual increase from the 2012-2016 calendar base year average of 98.6 to 115.3 by December 31, 2019.

Final result: 110.0 for 2018 (FARS 5 Year Average)

### **GOAL #2:**

Based on an annual average increase of 11.11 percent in unhelmeted motorcyclist fatalities from 2012 to 2017, Missouri is projecting an annual increase from the 2012-2016 calendar base year average of 9 to 13 by December 31, 2019.

Final result: 12.2 for 2018 (FARS 5 Year Average)

### **GOAL #3:**

Based on an annual average increase of 6.09 percent in unlicensed/improperly licensed motorcyclist fatalities from 2012 to 2017, Missouri is projecting an annual increase from the 2012-2016 calendar base year average of 37.4 to 52.6 by December 31, 2019.

Final result: 45.0 for 2018 (STARS)

The Motorcycle Safety Trust Fund is used for training motorcyclists and promotes public awareness of motorcyclists.

From January 1, 2019 through  
December

31, 2019, the Missouri Motorcycle Safety Program (MMSP) has trained 4,003 beginning students and 229 non-beginning students. The MMSP and the Office of Highway Safety's goal is to promote awareness of motorcycles on the roadways, obtaining proper licensing and instructions and promoting proper riding gear but, most of all reducing motorcycle crashes and fatalities through the aforementioned process.

The funding received for the program was used for media targeting rider safety for males ages 45-60 and motorist awareness for all drivers. The motorcycle awareness media campaign starts in late April through May to early September and includes late summer holidays and special motorcycle events throughout the riding season.

Rider awareness is a year-round process starting at the dealerships throughout Missouri with dealer placement hang tags on motorcycles and displays, along with free motorcycle training courses at participating dealerships. Motorcycle safety pamphlets are also distributed to license offices and dealerships. In 2019, the OHS distributed:

- 7,949 Watch for Motorcycles yard signs
- 6,117 Motorcycle Safety brochures.

## Crashes Involving School Buses

Although school buses provide one of the safest modes of transportation, there are still school bus related injuries and, unfortunately, some fatalities every year. Some of these are due to crashes with other vehicles while others are due to the school bus striking a pedestrian or bicyclist.

### GOAL #1:

Based on an annual average increase of 13.33 percent in school bus/school bus signal involved fatalities from 2012 to 2017, Missouri is projecting an annual increase from the 2012-2016 calendar base year average of 2.4 to 3.0 by December 31, 2019.

Final result: 3.2 for 2018 (STARS 5 Year Average)

### GOAL #2:

To decrease school bus involved or school bus signal involved serious injuries by 4.0 percent annually, resulting in a change to the 2015-2019 moving average from 17.4 (2012-2016 moving average) to 16.2 (2015-2019 moving average) by December 31, 2019.

Final result: 18.8 for 2018 (STARS 5 Year Average)

OHS staff continues to serve on the state school bus safety committee and distributes materials to address safety in and around

## Vulnerable Roadway Users

Many Missourians rely on non-motorized means of transportation such as walking and bicycling. Both of these modes have the ability to provide physical and health benefits, but they also have the potential for serious or fatal injuries in the event of a crash. Crashes involving pedestrians and bicyclists do not occur in extremely large numbers (1.0% and .32% of all crashes, respectively) but when a pedestrian or bicyclist is involved in a traffic crash, the potential for harm is much greater.

### GOAL #1:

Based on an annual average increase of 3.33 percent in pedestrian fatalities from 2012 to 2017, Missouri is projecting an annual increase from the 2012-2016 calendar base year average of 84.4 to 100.8 by December 31, 2019.

Final result: 91.2 for 2018 (FARS 5 Year Average)

### GOAL #2:

Based on an annual average increase of 10.00 percent in bicyclist fatalities from 2012 to 2017, Missouri is projecting an annual increase from the 2012-2016 calendar base year average of 6.4 to 9.4 by December 31, 2019.

Final result: 6.8 for 2018 (FARS 5 Year Average)

## Engineering Services and Data Collection

### Engineering Services

Traffic engineering is a vital component of the traffic safety countermeasure picture. The techniques engineers use to design roads certainly affect the safety of motorists. Engineering approaches offer two basic types of countermeasures against drivers committing hazardous moving violations: highway design and traffic engineering. With highway design, the roads can be redesigned to add capacity or accommodate increased traffic. Highway design can also mitigate the injury consequences for motorists who come into contact with aggressive, impaired, or distracted drivers. Effective traffic engineering offers a way to accommodate increased traffic flow, or at least get it under control, without building new roads.

Consulting services were provided for Traffic engineering projects around the state. Funding was focused on correcting safety and operational problems on city and county streets, and highways.

A total of eight consultant projects were funded through the grant this fiscal year. Those consultant services were provided on projects located in the City of Lathrop, City of Kirksville, City of St. Peters, City of Frontenac, City of Moberly, City of Park Hills, City of Jefferson and City of Monett.

The FY2019 Traffic Engineering Assistance Program (TEAP) projects, which utilized Highway Safety Funds, included corridor studies, intersection improvements, operational analysis, sign inventories, pedestrian/bike route analysis and parking studies.

The engineering safety projects MoDOT continues to implement relate to roadway departure and intersections. These improvements include installation of several hundred miles of rumble strips on improved shoulders, several thousand curve related signs (chevrons) and more intersection improvement projects like j-turns.

### Data Collection

The TRCC plays a role in the creation, approval and evaluation of the data improvement projects. The TRCC consists of developing initial project proposals as well as discusses the proposals openly in the TRCC bi-monthly meetings. The TRCC, through discussion of the proposed projects, prioritize the projects and determine the funding sources, and also work with the custodial agencies to develop and maintain the data quality reporting function.

The Missouri Traffic Records System works towards a formal data quality program with performance indicators for each

of the six core system areas. Projects are selected based on recommendations from the most current assessments and their ability to meet six characteristics: timeliness, accuracy, integration, uniformity, accessibility and completeness. Two key accomplishments this year were the adoption of electronic crash reporting by two of the largest law enforcement agencies in the state: Kansas City Police Department and the St. Louis Metro Police Department.

In August of 2019, the Statewide Traffic Accident Records System (S.T.A.R.S) Committee and contracted consultants began the discussion of the MMUCC 5th Edition and changes to the Missouri Uniform Crash Report and STARS. Since the last crash report update in 2012, many fields will be discussed to be added, modified or deleted.

## Program Area Highlights

### PUBLIC INFORMATION & EDUCATION

Early in 2017, MoDOT began Buckle Up Phone Down as a challenge geared toward businesses and individuals to take a pledge to buckle up every trip, every time and to put their phones down while driving.

Missouri has a “no texting” law for drivers age 21 years and under, and no primary seat belt law. Knowing that those two tasks alone can save thousands of lives per year, promotion began to encourage all motorists to Buckle Up Phone Down.

Buckle Up Challenge Day was set for October 29 in conjunction with an NTSB roundtable on distracted driving. Organic promotion followed by paid advertisements and community support helped the campaign to kick off and excel. A web page was created for businesses and individuals to take the pledge. This page houses logos of the more than 500 businesses that have made the choice to make their employees safer on Missouri's roadways. Over 11,000 individuals have also taken the #BUPD pledge. The web page is located at <http://www2.modot.org/BuckleUpPhoneDown/>. A resource page is located at <https://savemolives.com/Buckle-Up-Phone-Down> to educate and inform motorists.

Since inception, Buckle Up Phone Down has earned several state and national awards. Cities and counties across the state opted to keep their citizens and visitors safe by passing primary seat belt ordinances. Missouri Governor Mike Parson continues to proclaim a day in October each year as Buckle Up Phone Down Day in Missouri. Promotion continues both paid and organic to keep the message out there and make Missouri's roadways safer.

### IMPAIRED DRIVERS

The OHS, in conjunction with the Missouri State Highway Patrol, teamed up with neighboring states for a special 420 Impaired Driving Enforcement Campaign April 19-21, 2019. The campaign included the states of Nebraska, Kansas, Oklahoma, Iowa, Missouri and Arkansas to impact the ever-present problem of impaired drivers on major routes that connect these states. Targeted roadways for this campaign included Interstate 44, I-70, I-35, I-55, and I-270. In Missouri a total of 61 departments participated in the campaign, final numbers for the campaign were as follows:

- 341 Crashes
- 3 Fatalities
- 5,602 Traffic Citations
- 477 Seat Belt Citations
- 1,360 Speed Citations
- 152 DWI Arrests
- 23 Commercial Vehicle Citations
- 147 Drug Arrests
- 135 Felony Arrests

## YOUNG DRIVERS

First Impact is an evidence-based, traffic safety parent program targeted to parents and/or guardians of teen drivers in the pre-permit, permit or intermediate stage of licensure. The goal of First Impact is to reduce the number of motor vehicle fatalities, injuries and crashes among teen drivers by increasing parental awareness and enforcement of Missouri's graduated driver license law.

First Impact will provide the tools parents need to be involved in monitoring, coaching and supporting their new teen driver. Ensuring that parents understand the risks and responsibilities associated with driving is essential in preventing teen driving tragedies.

**Appendix C**  
**FY19 Highway Safety Project Summaries and Projects Not Implemented**

**Planning & Administration**

Project	Title	Subrecipient	Awarded	Annual Report Summary
19-PA-02-001	2019 Planning & Administration	Highway Safety and Traffic Division	\$115,000.00	This project was used to cover Highway Safety staff expenses for work-related travel, registration fees for conferences (IACP-DAID, Blueprint, etc), GHSA membership, staff payroll, office supplies and phone expenses, and website maintenance. In addition, 35,000 Roadwise Teen Driving guides were purchased, along with 117,811 total other publications.

**Public Information & Education**

Project	Title	Subrecipient	Award	Annual Report Summary
19-154-AL-114	Alliance Sports Marketing	Highway Safety and Traffic Division	\$80,000.00	Funding for this project allows for a physical and advertising presence at minor league and dirt track racing sports venues. The DSOGPO message is prominent and they attend approximately 20 events per season.
19-PM-02-005	Work Zone Awareness Campaign	Highway Safety and Traffic Division	\$50,000.00	The funding for this project goes to paid media advertising for work zone awareness. These messages are displayed over Work Zone Awareness week in April, and on through the construction season.
19-PM-02-007	PI Creative Services and Paid Media	Highway Safety and Traffic Division	\$150,000.00	The funding for this project goes to creative services for new highway safety messages.

19-PM-02-006	Bike/Pedestrian and Distracted Driving	Highway Safety and Traffic Division	\$150,000.00	Funding for this project goes to paid media for bike and pedestrian awareness messaging. A campaign is held for a week in June with the messages being spread out through the summer biking and walking time frames.
19-PM-02-004	Buckle Up Phone Down Paid Media	Highway Safety and Traffic Division	\$200,000.00	Funding for this project goes for paid media with the Buckle Up Phone Down messages.
19-RH-02-001	Missouri Operation Lifesaver	Missouri Operation Lifesaver	\$15,000.00	This project conducted safety presentations, Positive Enforcement Efforts, Officer on the Train programs, and Grade Crossing Collision Investigation courses across Missouri. Eight counties were targeted that have been identified as having the most highway-rail collision/trespass incidents and unsafe motorist actions for the past two years. These eight counties had 11 of all collisions and incidents, as well as, most of the fatalities and injuries.
19-PT-02-069	Traffic Safety Informational Initiative	Olivette Police Dept.	\$1,630.49	Safety materials and supplies to supplement the education/ enforcement efforts were provided to the recipients.

#### Aggressive Drivers

Project	Title	Subrecipient	Award	Annual Report Summary
19-PT-02-037	HMV Enforcement	Arnold Police Dept.	\$12,000.00

make "stops".

Reynolds County Sheriff's Department were approved for two projects in this funding. These were applied for by a former deputy before he left the agency. The Sheriff thought that they would be able to use them but could not get the manpower to do so.

Velda City PD received \$2,000 for a DWI project. They were contacted numerous times during the grant period and continually said that they were going to use the funding and would be vouchering for overtime. However, they failed to voucher for any overtime funding on this project.

19-M5TR-03-005	Safe Communities/TRACTION youth impaired	Cape Girardeau Safe Communities	\$97,829.65	Provided reimbursement for Safe Community projects and TRACTION events. Funding included salary, print materials, CPS certification courses, training, travel expenses, and all fees for 1 TRACTION reunion conference and 3 three-day TRACTION conferences. A total of 45 schools were trained at TRACTION throughout the year.
19-M5OT-03-005	In-house Impaired Driving Project	Highway Safety and Traffic Division	\$10,000.00	This project provided for activities in the impaired driving program area including: development and printing costs of promotional materials; educational programs; or educational activities; assessments, etc.
19-154-AL-115	Impaired Driving Paid Media 154	Highway Safety and Traffic Division	\$650,000.00	Funding for this project is used for paid media for alcohol impaired driving campaigns, which include DSOGPO, quarterly impaired campaigns, Super Bowl and Youth Alcohol.
19-M5CS-03-003	Paid Media Impaired Driving 405D	Highway Safety and Traffic Division	\$750,000.00	Funding for this project is used for paid media for substance-impaired driving campaigns which include 420 Awareness, DSOGPO, quarterly impaireddc campaigns, Super Bowl and Youth Alcohol.
19-M5IDC-03-002	2019 405d Mid Impaired Driving Coord.	Highway Safety and Traffic Division	\$96,000.00	This project was used to cover the salary and fringe for the Highway Safety Impaired Driving Coordinator.
19-M5IDC-03-001	2019 405d Youth Alcohol Coordination	Highway Safety and Traffic Division	\$96,000.00	This project was used to cover the salary and fringe for the Highway Safety Youth Alcohol Coordinator.

19-154-AL-099	Youth Alcohol Program	Highway Safety and Traffic Division	\$11,949.05	Funding was used for youth impaired driving support and Youth Impaired Law Enforcement Training Support (speaker fees, meals, lodging, travel, airfare)
19-154-AL-086	BA Instrument & SFST Program	Highway Safety and Traffic Division	\$150,000.00	This project provided for the development of a computer application, as part of the Drug Recognition Expert System, to allow for tracking of SFST Instructors. Funding was also provided for the creation of a design solution and an estimate, to develop a solution within the Grants Management System that will allow the Missouri Safety Center to track the placement and status of breath alcohol testing instruments. Creation of the database began during FY19 and will continue into FY20.
19-154-AL-016	Advanced Crash Investigation Training	Kansas City MO Board of Police Commissioners	\$20,000.00	Funding used for specialized training of crash reconstruction officers with emphasis on alcohol related crashes.
19-M5OT-03-001	DITEP 2019	Missouri Police Chiefs Association	\$33,000.00	This project provided Drug Impairment Training for Educational Professionals (DITEP) curriculum to the education and law enforcement communities in Missouri providing them with valuable information and skills to enhance services to students and improve skills to promote safety within school environments/classrooms across the state. The program provided 9 classes, for a total of 2,064 hours of training to 129 students.

19-154-AL-024	Impaired Driving Countermeasures	Missouri Safety Center	\$677,357.78	alcohol instrument placement, maintenance and service across the state, technical training to law enforcement and others on breath-alcohol testing, SFST, and ignition interlock; as well as provide coordination, expert testimony and consultation to agencies across the state in the area of breath-alcohol testing, SFST and ignition interlock. Funds provided repairs/recalibrations to 134 agencies, placed 25 new breath alcohol testing units, placed 191 PBTs with agencies across the state, performed numerous trainings on the instruments, distributed 6,950 mouthpieces for the instruments across the state, conducted 149 calibration checks/verified proper operation, replaced 12 simulators, loaned out 110 BA instruments, and inspected ignition interlock installation locations across the state.
---------------	-------------------------------------	------------------------	--------------	--

19-M5OT-03-002	Drug Impaired Driving	Missouri Safety Center	\$167,526.60	<p>This project provided for statewide coordination of the Drug Recognition and Classification Program and the expert testimony and consultation to agencies across the state in the area of drug impaired driving recognition. Funds provided DRE training, certification and equipment for 20 new DRE candidates, recertified 94 DRE's, certified 5 new DRE Instructors, conducted updates of the statewide DRE-Tracking database, sponsored 2 DRE/SFST Technical Panel members to attend the IACP DAID Conference, provided prosecution consultation/testimony and provided guidance to DRE's across the state.</p>
19-154-AL-071	Alcohol LE Liaison	Missouri Safety Center	\$174,676.76	<p>This project was used to provide funding for our Law Enforcement Liaisons to work with local agencies to encourage their participation in our various mobilizations and grant opportunities.</p>
19-154-AL-019	Enforcement - Drive Sober Campaign	Missouri Safety Center	\$420,000.00	<p>Through management of the Drive Sober or Get Pulled Over overtime enforcement campaign, provide targeted law enforcement agencies with the resources to fund full, part-time and reserve officer overtime pay for their DWI enforcement and special mobilization efforts. These resources will be in the form of sub-award grants to law enforcement agencies identified by the Highway Safety and Traffic Division of MoDOT.</p>

19-M5TR-03-001	Training for Law Enforcement Officers	Missouri Southern State University	\$24,000.00	<p>The primary objectives of traffic enforcement training are to raise awareness of traffic safety, improve recognition of traffic-related offenses, execution of highway safety operations and enforcement of traffic-related offenses. Funding was used to provide two Anti-Police Movement classes, two Missouri Motor Vehicle Law classes, two High Risk Vehicle Stop classes, and two Vehicle Search and Seizure classes; reaching approximately 121 law enforcement officers.</p>
19-154-AL-025	Attorney and Legal Assistant	MO Dept. of Revenue	\$135,720.40	<p>Appellate and Litigation Support Counsel and 1 Legal Assistant in the General Counsel's Office, Transportation Section. The Appellate Counsel was assigned case files involving intoxication-related license actions on appeal with the state appellate courts; to work as Department liaison to the Office of the Attorney General; to be a trainer for Department attorneys and to provide litigation support to Transportation Section attorneys in all 3 Missouri offices in the form of specialized trial briefs, case law summaries, and proposed findings of fact, conclusions of law, and judgments. The Legal Assistant processed petitions and stay orders as served on the Department; prepared correspondence; monitored cases statewide; communicated with local prosecuting attorney offices and court personnel; advised the Department's Drivers</p>

19-M5OT-03-003	DOR and Law Enforcement Training	MO Dept. of Revenue	\$22,844.00	<p>This project provided specific and continuing educational opportunities for DOR attorneys and hearing officers who hear administrative alcohol license appeal cases, or represent the Department in courts throughout the state on impaired driving-related license appeals. Over 450 judges, prosecutors, law enforcement and court personnel were provided with information/instruction on new DWI laws/court cases. Funds were also used to purchase supplies such as FMCSA regulation updates relating to impaired driving offenses, laptops utilized to watch dashcam videos from DWI arrest and present videos to court.</p>
19-154-AL-150	Alcohol Safety & Awareness Program	MO Div. of Alcohol and Tobacco Control	\$96,000.00	<p>This funding was used to cover salary, travel expenses, overtime and fringe, postage, print materials (ID checking guides and liquor law pamphlets), and equipment (projector). Project 19-154-AL-151 --This funding was used for overtime and fringe, training expenses, travel expenses, supplies, print materials (law enforcement guide) and equipment (portable radios).</p>

19-M5CS-03-002	Traffic Safety Resource Prosecutor	MO Office of Prosecution Services	\$281,889.78	<p>This project provided for Traffic Safety Resource Prosecutors (TSRP) to focus on impaired driving issues and to serve as a resource to other prosecutors and law enforcement officers. TSRP program conducted 46 training programs, which were attended by a combined 1,363 people. These trainings reached a minimum of 193 Missouri prosecutors, 1,135 Missouri law enforcement officer, and 35 other Missouri traffic safety advocates. The TSRP program published six editions of the Traffic Safety Newsletter, provided technical assistance on approximately 190 requests from law enforcement and prosecuting attorneys and assisted on numerous case as a consultant or special prosecutor.</p>
19-M5TR-03-002	BAC/DRE/ARIDE Training	MO State Highway Patrol	\$100,116.40	<p>This project provided funding for tuition support, instructor development support and educational/equipment supplies and instructional materials to Missouri peace officers for law enforcement training related to traffic safety. Funding provided for 13 different alcohol-related schools, sent 3 officers to the DRE National Conference and 2 officers to the Borkenstein Course allowing 246 students to attend these courses. Funds were also used to purchase dry gas cylinders for the Blood Alcohol Lab along with a multitude of DRE supplies.</p>

19-M5HVE-03-012	DWI Tracking System (DWITS)	MO State Highway Patrol	\$4,400.00	Funding used to train DWITS for 47 individuals and disseminated 53 tutorial computer disks. Division also returned 1,790 DWITS records to reporting agencies for review/correction and mailed 876 letters to validate user
19-154-AL-026	Court Monitoring Program	Mothers Against Drunk Driving	\$129,500.80	This project provided for the court monitoring program to track and monitor DWI offenses in specific, targeted counties in Missouri. Through data collected, by means of attending court hearings, as well as data mining on Missouri's Casenet system, any trends and/or breakdowns that occur throughout the judicial proceedings will be identified, analyzed and offered solutions. Top priority will be given to the counties that fall within the top 75% of the state's alcohol-related traffic fatalities and population, and that also have a conviction rate at or below 24% on Missouri State Highway Patrol arrests.
19-154-AL-112	MADD Power of Parents and Power of Youth	Mothers Against Drunk Driving	\$100,000.00	Provided reimbursement for salary, travel, equipment (laptop), office supplies, indirect fees and resource and print materials (parent handbooks, brochures and banners).

19-M5CS-03-001	DWI Court Project	Office of State Courts Administrator	\$215,000.00	This project provided funding to increase the number of jurisdictions who have a DWI court program, increase participants and services for DWI offenders and promote public safety for all citizens that use Missouri 's transportation system. The DWI court population in the targeted jurisdictions increased by 33% and the number of participants/graduates who are driving legally with a LDP and are monitored with an ignition interlock device increased by 9% during the
19-M5OT-03-004	DRE Sustainment and Enhancements	REJIS	\$41,748.00	This project provided for the proactive maintenance and upkeep of the DRE service by providing continued operational support for the DRE using the REJIS data center, operations and help desk staff. Funds provided applications and network staff to support issue resolution and fix/support any problems experienced with the system, provided users with "how to" or best practice question resolution to assure maximum benefit from the DRE service, and provide support to meet needs for addressing operational needs through changes and improvements to the service and infrastructure.
19-154-AL-152	Missouri Safe and Sober	Safe and Sober, Inc.	\$330,000.00	Provided reimbursement for junior high, middle and high school video production, parent testimonials video production, website enhancements, pledge cards, travel expenses and educational materials. Safe and Sober reached 506 middle and high schools statewide.

19-M5TR-03-003	SMART, CHEERS, DRIVE SAFE, DRIVE SMART	University of MO Curators	\$320,000.00	Provided reimbursement for salary, conference fees for the Meeting of the Minds Conference, resource materials, travel expenses, office supplies, speaker fees and indirect costs.
19-154-AL-153	ThinkFirst - Youth Alcohol	University of MO Curators	\$120,000.00	Provided reimbursement for travel expenses for victim impact speakers, salary, resource materials for the First Impact program and ThinkFirst program, indirect costs, and program development fees. ThinkFirst Missouri (Columbia and Kansas City) delivered 234 presentations in 138 schools reaching 43,815 students. First Impact reach 1,171 parents and teens.
19-M5TR-03-004	Is It Worth It?	University of MO Curators	\$20,000.00	Provided reimbursement for salary, travel, resource materials and indirect fees. Is It Worth It completed 28 presentations reaching approx. 1600 students.
19-154-AL-155	Ignition Interlock Program	Highway Safety and Traffic Division	\$60,000.00	Program created by Salesforce to help with ignition interlock complaint tracking, inspections, and vendor oversight. Program used by multiple state agencies.
M5X-2019-03-00-00	HSTD Statewide 405d Impaired Driving Mid	Highway Safety and Traffic Division	\$4,300,000.00	Dummy project set up as a holding account.
154AL-2019-AL-00-00	HSTD Statewide 154AL Program	Highway Safety and Traffic Division	\$6,000,000.00	Dummy project set up as a holding account.

#### Occupant Restraints

Project	Title	Subrecipient	Award	Annual Report Summary
19-M2HVE-05-006	Occupant Protection Enforcement	Adair County Sheriff's Office	\$7,500.00	
19-M2HVE-05-007	Occupant Protection Enforcement	Arnold Police Dept.	\$12,000.00	
19-M2HVE-05-009	Occupant Protection Enforcement	Ballwin Police Dept.	\$3,500.00	

19-M2HVE-05-010	Occupant Protection Enforcement	Calverton Park Police Dept.	\$2,000.00
19-M2HVE-05-011	Occupant Protection Enforcement	Cape Girardeau County Sheriff's Office	\$4,200.00
19-M2HVE-05-012	Occupant Protection Enforcement	Creve Coeur Police Dept.	\$3,000.00
19-M2HVE-05-014	Occupant Protection Enforcement	Dexter Police Dept.	\$10,000.00
19-M2HVE-05-015	Occupant Protection Enforcement	Eureka Police Dept.	\$6,000.00
19-M2HVE-05-016	Occupant Protection Enforcement	Florissant Police Dept.	\$6,000.00
19-M2HVE-05-001	Occupant Protection Enforcement	Grandview Police Dept.	\$8,750.00
19-M2HVE-05-008	Occupant Protection Enforcement	Greene County Sheriff's Office	\$15,000.00
19-M2HVE-05-002	Occupant Protection Enforcement	Harrisonville Police Dept.	\$3,000.00
19-M2HVE-05-017	Occupant Protection Enforcement	Hazelwood Police Dept.	\$13,000.00
19-M2HVE-05-003	Occupant Protection Enforcement	Independence Police Dept.	\$30,000.00
19-M2HVE-05-018	Occupant Protection Enforcement	Jackson Police Dept.	\$5,500.00
19-M2HVE-05-019	Occupant Protection Enforcement	Jefferson County Sheriff's Office	\$25,000.00
19-M2HVE-05-004	Occupant Protection Enforcement	Kansas City MO Board of Police Commissioners	\$81,000.00
19-M2HVE-05-020	Occupant Protection Enforcement	Kirkwood Police Dept.	\$10,000.00
19-M2HVE-05-021	Occupant Protection Enforcement	Lake St. Louis Police Dept.	\$5,000.00
19-M2HVE-05-022	Occupant Protection Enforcement	Maryland Heights Police Dept.	\$5,777.20
19-M2HVE-05-025	Occupant Protection Enforcement	MO State Highway Patrol	\$122,100.00
19-M2HVE-05-023	Occupant Protection Enforcement	Mountain View Police Dept.	\$1,000.00
19-M2HVE-05-024	Occupant Protection Enforcement	Olivette Police Dept.	\$2,500.00
19-M2HVE-05-026	Occupant Protection Enforcement	Pevely Police Dept.	\$5,250.00
19-M2HVE-05-005	Occupant Protection Enforcement	Platte County Sheriff's Office	\$3,000.00
19-M2HVE-05-013	Occupant Protection Enforcement	Rogersville Police Dept.	\$2,800.00
19-M2HVE-05-027	Occupant Protection Enforcement	St. Charles City Police Dept.	\$5,400.00
19-M2HVE-05-028	Occupant Protection Enforcement	St. Louis County Police Dept.	\$40,000.00
19-M2HVE-05-029	Occupant Protection Enforcement	Webster Groves Police Dept.	\$6,500.00
19-M2HVE-05-030	Occupant Protection Enforcement	Wentzville Police Dept.	\$6,000.00

19-CR-05-002	402 Car Seat Distribution	Highway Safety and Traffic Division	\$50,000.00	A supply of child safety seats were provided to Inspection Stations registered with NHTSA that are actively participating in the CPS Program, who have at least one CPS Technician on site and provide education about the proper installation of child safety seats to parents and/or care givers.
19-M2CSS-05-001	405 Car Seat Distribution	Highway Safety and Traffic Division	\$49,850.57	A supply of child safety seats were provided to Inspection Stations registered with NHTSA that are actively participating in the CPS Program, who have at least one CPS Technician on site and provide education about the proper installation of child safety seats to parents and/or care givers.
19-M2CPS-05-001	CPS Program Training	Highway Safety and Traffic Division	\$65,000.00	Provided reimbursement for CPS training expenses to include Instructor fees, conference rooms, conferences meals, hotels, meals and mileage for CPS Instructors to train new CPS Technicians in the State of Missouri. This project also provided reimbursement for Child Passenger Safety conference expenses for the Missouri CPS Liaison's that attended.
19-M2PE-05-002	Click it or Ticket Paid Media	Highway Safety and Traffic Division	\$200,000.00	Funding for this project is used for paid media for the Click it or Ticket Enforcement campaign each year.

19-CR-05-001	CPS Program Activities Administration	Highway Safety and Traffic Division	\$10,000.00	Provided reimbursement for CPS training expenses to include Instructor fees, conference rooms, conferences meals, hotels, meals and mileage for CPS Instructors to train new CPS Technicians in the State of Missouri. This project also provided reimbursemen
19-M2CPS-05-004	Child Passenger Safety Campaign	Highway Safety and Traffic Division	\$100,000.00	Funding for this project provides paid media advertising for child passenger safety.
19-M2CPS-05-003	2019 405b Low CPS Coordination	Highway Safety and Traffic Division	\$30,000.00	This project was used to cover the salary and fringe for the Highway Safety Child Passenger Safety Coordinator.
19-M2PE-05-003	Youth Seat Belt Campaign	Highway Safety and Traffic Division	\$175,000.00	Funding for this project provides paid media advertising for youth seat belt safety.
19-CP-09-002	Occupant Protection - Injury Prevention	Mercy Hospital	\$43,160.54	Provided reimbursement for instructor certification fees, course development fees, resource materials (course guides and certificates), car seat signs, CPS Certification fees, salary and travel. Mercy program disbanded in July 2019. Project was awarded \$60,000 but was then reduced to \$43,160.54.
19-PT-02-066	Statewide Safety Belt Survey	Missouri Safety Center	\$162,925.94	This contract was used to provide funding to complete the statewide safety belt survey. This includes the management to oversee the work, train the surveyors, and expenses to pay the surveyors time and expense to conduct the annual survey.

19-PT-02-068	Occupant Protection LE Liaison	Missouri Safety Center	\$84,634.36	This project was used to provide funding for our Law Enforcement Liaisons to work with local agencies to encourage their participation in our various mobilizations and grant opportunities.
19-PT-02-067	Occupant Protection Enforcement Campaign	Missouri Safety Center	\$273,409.80	This project was used to provide funding for three separate Occupant Protection campaigns. Click it or Ticket, Youth Seat Belt, and CPS Enforcement Week. The funding was used to provide enforcement funding to departments across the state to work specific time periods conducting extra enforcement in the area of safety belt and child passenger seat enforcement.

19-M2CPS-05-002	Child Passenger Safety	MO Dept. of Health and Senior Services	\$23,375.00	<p>With this project, DHSS worked with the local public health agencies (LPHA), emergency medical services, and fire stations to increase the number of CPS technicians with up-to-date certification. DHSS provided support for the identified agencies to send at least one person to the CPS technician training. It should be noted that participation was not as expected. The barriers included staff turnover, training took too many days and agencies would be short staffed or could not have staff out for training. The Injury Prevention Program tried several different ways to recruit agencies such as phone calls, e-mails, letters of agreement, and through partner organizations such as Bureau of Emergency Medical Services and others.</p>
19-SA-09-002	Defensive Driving	Safety Council of Greater St. Louis	\$22,000.00	<p>This funding was used to cover print materials (course guides), resource materials (video lease renewals), instructor recertification fees, salary, travel, and program development fees.</p>
19-SA-09-001	Traffic Safety Task Force Projects	St. Joseph Safety & Health Council	\$58,000.00	<p>This funding was used to cover salary, travel, resource materials, and operational expenses.</p>

19-CP-09-005	ThinkFirst Missouri	University of MO Curators	\$360,000.00	cover travel expenses for victim impact speakers, salary, resource materials for the First Impact program and ThinkFirst program, indirect costs, and program development fees. ThinkFirst Missouri (Columbia and Kansas City) delivered 234 presentations in 138 schools reaching 43,815 students. First Impact reach 1,171 parents
M2X-2019-05-00-00	THSD-Statewide 405b Low	Highway Safety and Traffic Division	\$1,500,000.00	Dummy project set up as a holding account.

#### Distracted Drivers

Project	Title	Subrecipient	Award	Annual Report Summary
19-CP-09-001	It Only Takes One/TRACTION Awards	Highway Safety and Traffic Division	\$9,500.00	This funding was used to cover resource materials (banners, TRACTION Team of the Year award, and funding for schools to utilize for highway safety materials and speakers)

#### Young Drivers

Project	Title	Subrecipient	Award	Annual Report Summary
19-CP-09-003	Safe Communities / TRACTION	Cape Girardeau Safe Communities	\$227,170.35	Provided reimbursement for Safe Community projects and TRACTION events. Funding included salary, print materials, CPS certification courses, training, travel expenses, and all fees for 1 TRACTION reunion conference and 3 three-day TRACTION conferences. A total of 45 schools were trained at TRACTION throughout the year.

19-CP-09-004	Teen Driving Programs	Highway Safety and Traffic Division	\$25,300.00	Provided reimbursement for print materials (Roadwise: Parent/Teen driving guide) and a sponsorship to the SRO conference. (36,000 Roadwise Guides were distributed)
19-SA-09-003	TYREDD	TYREDD	\$39,720.00	Provided reimbursement for resource and print materials, speaker fees and program development fees. TYYREDD completed 121 presentations in FY19.

#### Older Drivers

Project	Title	Subrecipient	Award	Annual Report Summary
DE-2019-02-02-00	In-house Project for Mature Driver Prog	Highway Safety and Traffic Division	\$2,500.00	Development and printing costs of promotional materials; educational programs; travel expenses for speaking engagements or conferences; supplies for training programs or educational activities; etc. to increase awareness of safe driving habits among Missouri drivers over the age of 65. This project was set-up as an "as needed project"; however, due to a lack of any available trainings or supplies needed, there were not any funds disbursed.
DE-2019-02-01-00	Keep Your Keys	University of MO Curators	\$38,000.00	This project provided education to the older driver, specifically, those with impairments to vision, cognition or movement and decrease the number of injuries and fatalities each year. Throughout the grant period, presentations were provided in 21 counties in the state.

DL-2019-02-01-00	Rural Driving Study and Traffic Signs	Washington University	\$157,078.91	This project focused on determining if the TSNT training materials are beneficial in producing reliable scores from test administrators. This was pilot tested in 1 area of the state to determine if standardizing improved accuracy in both administration and scoring. This training showed significant improvement in accuracy in scoring/administering the TSNT, indicating promising results in moving the TSNT forward into more DMV licensing offices.
DL-2019-02-02-00	Maximizing Driving Safety After Stroke	Washington University	\$113,590.26	This project focused on decreasing serious injury and fatal crashes through initiatives that identify and educate Missouri's highest-risk drivers and those who care for them. The goals of the project activities were to develop, expand, and disseminate clinical tools to help healthcare providers across the state systematically assess and advise stroke patients on ways to maintain their community mobility, either by returning to safe and active driving, or use of other nondriving resources and strategies to mitigate transportation-disability among former drivers. Also, three workshops were held throughout the state to discuss fitness to drive and ways to improve safety in a vehicle.

#### Commercial Motor Vehicles

No Projects funded under NHTSA. All CMV projects funded under Motor Carrier Safety Assistance Program.

#### Motorcycle

Project	Title	Subrecipient	Award	Annual Report Summary
19-M9MA-12-001	Motorcycle Awareness Paid Media	Highway Safety and Traffic Division	\$98,346.77	Funding for this project provides paid media advertising to motorcyclists with the "Watch for Motorcycles" messaging.
19-PM-02-008	Motorcycle Awareness Incentive Items	Highway Safety and Traffic Division	\$100,000.00	Funding for this project provides promotional safety awareness yard signs and other promotional itmes with the "Watch for Motorcycles" messaging.
M9MA-2019-12-00-00	THSD-Statewide 405f Motorcycle Program	Highway Safety and Traffic Division	\$150,000.00	Dummy project set up as a holding account.

#### School Bus

No Projects funded under NHTSA.

#### Vulnerable Roadway User

No projects funded under NHTSA.

#### Engineering & Data Collection

Project	Title	Subrecipient	Award	Annual Report Summary
19-M3DA-04-001	Cape Girardeau County Sheriff's Office	Data Equipment	\$2,840.00	Funds used to purchase and install E-Citation equipment  Computers 12  Printers 24  Barcode Scanners 5
19-M3DA-04-002	Greene County Sheriff's Office	Data Projects	\$7,141.70	
19-M3DA-04-003	Hayti Police Dept.	Mobile Computer Project (MDT)	\$4,776.40	
19-M3DA-04-005	Jackson Police Dept.	Digi-Ticket Equipment	\$7,555.00	
19-M3DA-04-013	Osceola Police Dept.	Simplifying Reports	\$5,039.94	
19-M3DA-04-014	Pleasant Valley Police Dept	Pleasant Valley Data Submissions	\$30,604.00	
19-M3DA-04-017	Sparta Police Dept.	Safer Sparta Streets	\$2,579.00	
19-M3DA-04-018	Willow Springs Police Dept.	E-Ticket Printers	\$2,426.00	

19-M3DA-04-004	Highway Safety and Traffic Division	Traffic Records Data Improvement	\$65,000.00	This project retained private consulting firms with expertise in traffic engineering to aid cities and counties with specific operational problems on their streets and highways. It provided for the retention of at least two consultants, which addressed local agency problems anywhere in the state without geographical limitations. This project did not provide for actual design in connection with the solution. It attempted to provide solutions to traffic problems.
19-M3DA-04-006	MO Dept. of Health and Senior Services	Missouri Ambulance Reporting System	\$92,205.00	Worked with in house IT to establish hardware environment for data repository, worked with general counsel to enter into a proposed data sharing agreement with NEMSIS/NHTSA, worked with department admin to enter into and implement an upgrade agreement with software vendor. Submitted a proposed validation rule set to the State Advisory Council's Medical Director and physician medical director subcommittee for industry review and approval. Worked towards receiving NEMSIS v3.
19-M3DA-04-008	MO State Highway Patrol	Statewide Traffic Accident Records Sys.	\$182,975.00	Project reported 177,819 crashes to STARS total of 2,121 overtime hours were expended processing 28,316 crash reports.
19-M3DA-04-009	MO State Highway Patrol	STARS and FARS Support	\$77,734.80	Contracted computer consultant completed two milestones relating to the rewrite of the STARS and interface with the Cool:Gen framework.

19-M3DA-04-010	MO State Highway Patrol	Predictive Analytical Crash Project	\$26,540.00	Statistical Analysis Center continues to work with MU to activate the predictive model on the MSHP's network. The team ran into several difficulties due to the MSHP server not being able to handle the production load. Modifications have been made.
19-M3DA-04-011	Office of State Courts Administrator	Show Me Court Implementations	\$194,318.67	During grant period, Show Me Courts (SMC) was deployed to 119 standalone municipal divisions (including divisions who previously used JIS) and the remaining 21 Circuit Courts were also added. All 114 counties and the City of St. Louis implemented SMC.
19-M3DA-04-012	Office of State Courts Administrator	JIS Monitoring and Reporting	\$171,531.26	During grant period, management analysts monitored 115 State Courts, 280 municipal locations heard in the associate division and 131 municipal divisions using the statewide case management system.
19-M3DA-04-015	REJIS	LETS Sustainment and Enhancement	\$162,316.00	Over 61,000 crash reports were entered into LETS by 193 agencies.
19-M3DA-04-016	REJIS	Electronic Records Adoption Improvement	\$11,212.00	Due to health issues and a lack of new agencies to contact, this funding was never utilized.
M3DA-2019-04-00-00	Highway Safety and Traffic Division	THSD-Statewide 405c Data Program	\$2,000,000.00	Dummy project set up as a holding account.

19-RS-11-001	Highway Safety and Traffic Division	Traffic Engineering Assistance Program	\$60,000.00	This project retained private consulting firms with expertise in traffic engineering to aid cities and counties with specific operational problems on their streets and highways. It provided for the retention of at least two consultants, which addressed local agency problems anywhere in the state without geographical limitations. This project did not provide for actual design in connection with the solution. It attempted to provide solutions to traffic problems.
19-RS-11-002	University of MO Curators	2019 Blueprint Conference	\$25,000.00	Funding was used to cover salary, speaker/AV costs and indirect fees. There were 475 attendees at the 2019 Blueprint Conference.

#### Training-Misc.-Multi-program

Project	Title	Subrecipient	Award	Annual Report Summary
19-PT-02-100	402 Training/Survey/Operations	Highway Safety and Traffic Division	\$115,000.00	This project provided for various projects within the Highway Safety Office. The Traffic Occupant Protection Strategies program trained 79 officers and Officer Roadside Safety program trained 245 officers. The DWI/Full Time Unit workshop brought together the full time funded officers from 12 LE Agencies for training, yearly report out, and sharing of strategies. Other expenses included covering costs for partners and staff to attend trainings such as the annual Blueprint Conference, costs for POST credit, and various sponsorships.

19-PT-02-064	2019 LETSAC Conference	Highway Safety and Traffic Division	\$29,500.00	This project was used to fund the annual LETSAC training conference. It provides funding for the annual Highway Safety Calendar, speakers for the conference, hotel expense, and other miscellaneous expenses.
19-PT-02-065	2019 LETSAC Conference	Missouri Police Chiefs Assoc.	\$30,000.00	This project also covers expense for the annual LETSAC training conference. It provides funding for speakers, hotel expense, AV expense, and banquet expense at the conference.
19-PT-02-028	LE Driving 2019	Missouri Police Chiefs Association	\$40,000.00	This project provided funding for Emergency Vehicle Operations training for law enforcement officers in Missouri, which provided valuable information to enhance services and skills to promote driving safety in the field. The program provided virtual training for 23 agencies, for a total of 2,555 hours of training for 365 officers.
19-PT-02-001	Driver Improvement Program (D.I.P.)	Missouri Safety Center	\$49,719.67	Managed all DIP approved providers and instructors, performed compliance audits, maintained an up-to-date list of approved program providers and surveyed all approved providers. Number of on-line providers increased from 16 to 18.

19-PT-02-029	Law Enforcement Training	Missouri Southern State University		<p>The primary objectives of alcohol enforcement training are to raise awareness of alcohol offenses improve recognition of alcohol related offenses, execution of sobriety checkpoints and enforcement of alcohol related offenses. Funding was used to provide one Spanish for Law Enforcement class, three ARIDE classes, one DWI Enforcement Strategies for Small Department class, one DWI Crash Investigation class, one Type III Operator classes and one 4-hour SFST Update class; reaching approximately 96 law enforcement officers.</p>
19-AI-04-001	Accident Invest/Training/Reconstruction	MO State Highway Patrol		<p>This project provided funding for tuition support, instructor development support and educational/equipment supplies and instructional materials to Missouri peace officers for law enforcement training related to traffic safety. Funding assisted in providing for 8 different crash investigation schools, allowing 181 students to attend these schools.</p>

19-PT-02-032	Radar/EVOC/Instructor Dev/Equip Purchase	MO State Highway Patrol	\$78,256.70	This project provided funding for tuition support, instructor development support and educational/equipment supplies and instructional materials to Missouri peace officers for law enforcement training related to traffic safety. Funding assisted in providing for 10 different Radar and EVOC schools, allowing 197 students to attend these schools. Funds were also used to purchase reflective vests for the recruit class.
19-PT-02-033	Skill Development	MO State Highway Patrol	\$20,000.00	This project was a critical part of the Patrol's ongoing commitment to address traffic safety issues using information from relevant, current and ongoing specialized training and conferences. Troopers and/or Patrol employees were able to attend IACP Conference, LETSAC Conference, Lifesaver Conference, and the MoDOT Blueprint Conference; as well as the Uniformed Safety Education Officers Workshop.
19-EM-02-001	Highway Emergency Response Training	University of MO Curators	\$73,350.00	This project provided funding to improve the safety of Missouri first responders traveling to and returning from incidents, and improve the safety and survival outcomes for citizens involved in serious highway crashes and emergencies. Funding was utilized to deliver 27 classes that trained 504 emergency first responders.

19-PA-02-002	Grant Management System Docusign Project	REJIS	\$35,000.00	This project completed incorporating electronic signatures into the Highway Safety online Grant Management System for contracts beginning in FY20. Of the 411 contracts issued for FY20 (contracts prepared and issued May - September 2019 for FY20), 288 were signed electronically.
